2013 IOWA DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

This Directory contains a list of firms which the Iowa Department of Transportation currently recognizes as certified Disadvantaged Business Enterprises (DBEs) pursuant to the provisions of 49 C.F.R. Part 26, Iowa Department of Transportation's DBE Program, and Iowa's Unified Certification Program (UCP)) that should be utilized for all projects let in Iowa by any agency receiving funding from Federal Highway Administration, Federal Transit Administration, or Federal Aviation Administration.

The certification procedure utilized by the Iowa Department of Transportation pursuant to federal regulations addresses the questions of whether small business concerns, as defined by Section 3 of the Small Business Act, are owned, managed, and controlled by minority and female individuals. The certification procedure further addresses whether non-disadvantaged persons or firms unduly influence such business concerns.

The Iowa Department of Transportation's certification process makes no predetermination of a certified DBE firm's experience and interest in performing the work categories listed. The Directory has been prepared to assist the user in locating certified Disadvantaged Business Enterprises. The user of this Directory is responsible to determine the firm's actual ability to perform a certain task.

Any questions concerning this Directory or the DBE program should be directed to:

OTHER SMALL BUSINESS PROGRAMS

State of Iowa Program

A certified Targeted Small Business (TSB) is a small business, defined by Iowa Code Section 15.102(4), which is 51 percent or more owned, operated and actively managed by women, minorities, or persons with disabilities. This is a for-profit small business enterprise under single management, which is located in Iowa.

Firms certified through the State of Iowa's TSB Program, are indicated in the alphabetical section of this directory. This **is not** a complete list of such firms.

Federal Program

The Small Business Administration's 8(a) Business Development Program (SBA 8(a) BD), named for the Small Business Act, is a business development initiative that helps small disadvantaged business concerns to access the Federal contracting market place. Certified 8(a) companies are automatically Small Disadvantaged Business (SDB) certified. The basic requirements an 8(a) applicant firm must meet are: must be a small business; must be at least 51% unconditionally owned and controlled by one or more socially and economically disadvantaged individuals who are of good character and citizens of the United States; and must demonstrate potential for success. The applicant firm must have been operational for at least two (2) full years.

Firms certified through the SBA 8(a) BD are indicated in the alphabetical section of this directory. This **is not** a complete list of such firms.
