Airport Operations Director Daniel B. Brown reported:

- Terminal Phase 4 is still in the closeout phase, with punch list items being completed. Exterior metal panel installation is ongoing and progressing on the building.
- Foundation construction for the Snow Removal Equipment (SRE) building has begun.
- The Executive Hangars project is expected to be completed by the end of June.

Director of Marketing & Communications Pam Hinman reported:

- Arian Kantarevic is CID's first Aviation Management Intern. Arian is an Aviation Management and Flight Operations student at Coe College and recently obtained a private pilot license.
- Students and visitors toured Coe and Kirkwood hangars and were impressed with the facilities.
- April marked another record-breaking month; 24 consecutive record-breaking months.
- Allegiant's inaugural flight for return of seasonal service to Nashville began Friday and had only one empty seat. The route operates on Mondays and Fridays.
- American Airlines and Delta Air Lines have added special Hawkeye football travel flights. The latest addition is an American Airlines Thursday flight for the Washington Huskies game.
- Invitations for the June 24 "State of Your Airport" event will be distributed this week.

Airport Director Marty Lenss reported:

- Discussions have been held with airline carriers regarding the deicing contract. A follow-up meeting is planned. The centralized deicing pad is expected to improve efficiency and reduce delays.
- A permit request has been submitted to the airport for a temporary power plant near the airport to support QTS operations. The proposed site is approximately two miles northwest of Runway 13.
- Kimley-Horn assisted with the airport's Master Plan and also drafted updates to Chapter 39, the airport zoning ordinance. Draft set of the ordinance will go to the approval process.

Public Comment:

Josh Fields and Francisco from Google reported that, since 2020, they have been involved in the development and construction of the facility approximately two miles from airport. The project has created approximately 1,000 jobs. The project has been underway for more than six years and is expected to open this summer. Ongoing collaboration among project partners will continue to support a safe environment for all employees, contractors, and visitors.

Motion by Boyer, second by Fisher, to adjourn the meeting at 8:13 a.m. – all aye.

Clayton Parks, Secretary
